ISSUE DATE

02 AUG 2026

PRODUCT SPECIFICATION

Manufacturer	GeoPlastic3 (GP3)
Product type	Black heavy-duty cable tie for bundling and securing cables
Material	Engineering polymer; exact grade to be confirmed
Colour	Black; RAL code to be confirmed
Overall size	4.8 x 250 mm
Bundle diameter	Minimum 2.5 mm; maximum 68 mm
Weight	Not specified
Intended application	Electrical wiring, corrugated pipes, low-current lines and other engineering networks
Installation	Manual locking-head installation. For rapid installation, use only with an approved compatible mounting base and fastening-tool system; do not fire the cable tie directly from a powder-actuated gun.
Warranty	36 months

QUALITY CONTROL CHECKLIST

Inspection area	Acceptance criteria	GP3 QC status
Appearance	Must match the supplied reference image; no crack or deformation.	To be confirmed
Dimensions	Width, length and locking-head geometry must match the applicable GP3 specification.	To be confirmed
Locking function	Tie must pass through the head and lock securely without release.	To be confirmed
Colour	Colour must be uniform for the ordered variant.	To be confirmed
Packaging / traceability	Product reference, production date, QC number and packer identification.	To be confirmed

QUALITY RELEASE STATEMENT
